TO: Office of the Secretary

OPPOSITION TO PROPOSED RULEMAKING

AND

PETITION FOR COUNTERPROPOSED RULEMAKING

Comes now, Wild Thing Broadcasters, through its consultant, to respectfully request that the Commission institute rule making proceedings to change the FM Table of Allotments at Cottonwood, Shasta County, California. Wild Thing Broadcasters, hereafter "WTB", respectfully requests that the Commission accept the instant petition for rule making to change the FM Table of Allotments as follows:

<u>CITY</u>	<u>EXISTING CHANNELS</u>	<u>PROPOSED CHANNEL</u>
Cottonwood, California	NONE	221 C3

In support whereof, the following is shown:

1. Wild Thing Broadcasters, respectfully requests that the Commission allot FM channel 221 C3 to Cottonwood, Shasta County, California as the First local FM service to serve the community of Cottowood instead of Redding, California.

2. As required, the petitioners consultant has attached a complete technical exhibit and FM Channel Study. The attached exhibits provide proof that the proposed allocation of FM channel 221 C3 to Cottonwood, California, meets or exceeds all of the Commission's Rules and Regulations regarding FM allocations and is in full compliance with the mileage separation requirements of 47 CFR Sections 73.207 and 73.208 at the requested reference point co-ordinates, and is mutually exclusive with the two proposed rulemakings at Redding, California.

3. The Community of Cottonwood is listed as a CDP by the U.S. Census Bureau, with a population of 2,960 persons as of 2000. Cottonwood has a large Chamber of Commerce with businesses of all kinds. Cottonwood is served by its own local school district, the Cottonwood Union School District and has its own Fire Department. Both Districts have been recognized by the Commission and have been given FCC radio licenses. Cottonwood, California is well deserving of a local radio service and "WTB" requests that the Commission allocate FM channel 221 C3 to Cottonwood. If allocated, the petitioner intends to apply to the Commission for a construction permit to build and operate an FM broadcast station on the requested channel.

In conclusion, Wild Thing Broadcasters., hereby respectfully requests that the Commission amend the FM Table of Allotments to add FM channel 221 C3 to serve the community of Cottonwood, in Shasta County, California as its first local radio service and that the Commission dismiss the request for allocation of FM channel 221 A at Redding, California.

If allotted, Wild Thing Broadcasters, hereby confirms its intention and willingness to apply to the Commission for use of the requested channel at auction.

Wild Thing Broadcasters, hereby confirms under oath, that all statements of fact are true and correct when made and comply with section 1.17 of the Commission's Rules.

Dated:

Respectfully,

Steve Wilder
